A message from our Principal

All Saints' has been recognised as a place of high achievement and progress where all children are included.

Our vision is that our students achieve their God-given potential. I take that challenge seriously because of the tremendous potential in each of our new students.

In the years to come your children will learn volumes, achieve great exam outcomes, perform in shows, compete (and hopefully win) across many sports, lead other students, serve in the community and eventually develop into adults that will have a huge impact in every area of their lives.

Our success will be measured in the impact that your children have in the years beyond their time at All Saints', living as Jesus said, "Life in all of its fullness". I look forward to working alongside you to ensure the best outcomes for your children.

We look forward to welcoming you to the Academy in the coming months as we prepare for the start of the new year.

Our Vision and Values

Where every member of our extended family realises their God-given potential, inspired by John 10:10.

Jesus said, 'I have come so you may have life in all its fullness'.

All Saints' Academy actively promotes Christian values in all our activities. We concentrate on the values of Respect, Love, Service, Reconciliation, Justice and Peace, which we want to see grow and develop in the lives of all our students. We start the Academy day every morning by saying our Academy prayer together in tutor groups during Meet, Greet and Pray.

Our Academy prayer is said together every morning during Meet, Greet and Pray in Tutor Groups.

Dear Lord,
Teach us how to **respect** others,
And to **love** and **serve** one another
in all that we do and say.

And when we get it wrong, give us
the strength to get it right and be
reconciled.

Lead us to **justice** through your
words of wisdom and guide us to
everlasting **peace**.

Amen

What our students say about us:

"I have enjoyed meeting new friends and all the new and challenging subjects. I really like Science because the experiments are fun ."

"Being at All Saints' Academy has been a time I will never forget. The school allowed me to find myself and grow as a person. The teachers have been great at supporting me."

"At All Saints' Academy I have been welcomed by all staff. I have made many friends and I am enjoying myself in lessons."

Welcome from the Head of Sixth Form

I would like to welcome you and our students to the Sixth Form at All Saints' Academy. The Sixth Form team are very much looking forward to working with and supporting all Sixth Form students to ensure they can fulfil their potential and live life in all its fullness. Please support us in doing so by encouraging your child to establish good routines for their daily engagement in learning, through strong punctuality, attendance, focus on learning, establishing a purposeful routine for revision, allowing time for extracurricular activities and rest as we build towards their A Level examinations.

We are looking to develop the values of responsibility and independence as students reach this point of study. We hope our Sixth Form students will be able to embody these values throughout their time in the Sixth Form by; taking ownership of their own learning, believing in themselves, having courage in the face of challenges and adversity, and never giving up.

Students will be supported every step of the way by the Sixth Form Pastoral Team, Form Tutors, and their subject teachers. Please do not hesitate to contact us with any questions or concerns relating to your child's school life.

It is a privilege to work with such a talented group of young people and to support them towards their exciting next steps and destinations. I look forward to helping each one fulfil their potential.

Mr William Spanjers
Head of Sixth Form

Safeguarding and Pastoral Team

At All Saints' Academy, we promote positive mental health, wellbeing and safeguarding for our whole Academy community (students, staff, parents, carers). We recognise how important mental health and emotional wellbeing is to our lives in the same way as physical health and we believe that students' mental health is a crucial factor in their overall wellbeing, affecting their learning and achievement.

All young people go through ups and downs during their school career, and some face significant life events. We take a whole Academy approach to promoting positive mental health which aims to help students become more resilient, happy and successful by preventing problems before they arise and offering support where it is needed. Safeguarding is a crucial part of our LIFE programme, and we consider what is in the best interest of the young person at all times.

We have a well-qualified dedicated pastoral team to support our families and students through secondary education at All Saints' Academy.

All Saints' Academy has a chaplaincy team appointed by the Anglican and Catholic Dioceses. As well as arranging opportunities for prayer, worship and a range of spiritual events, the Chaplaincy team are available to all students in a caring and supportive way. We are here to help if you have any concerns or worries.

The Academy's Safeguarding Team can be reached via safeguarding@asachelt.org

Working together to improve attendance

School attendance is a key priority for us all here at All Saints' Academy. Creating good habits that support attendance is the responsibility of everyone involved with the Academy – our students themselves, parents, carers, Academy staff and trustees, the Local Authority and other partners.

For your child to achieve their full potential it is absolutely vital that they are in school every day unless a reason acceptable to the Academy is given and we are able to authorise the absence.

To help us all to focus on this we ask parents and carers to:

- Notify us of your child's absence before 8:15am on the first day and each following day that they are absent from school by calling the student absence line on 01242 711200.
- Ensure that your child arrives at the Academy by 8:30am every day.
- Contact the Academy at an early stage about any concerns you have about your child's attendance.
- Work with the Academy in resolving any issues that may be having an impact on your child's attendance.
- Try to keep health appointments out of school hours where possible. Where this is not possible, your child should only be out of school for the minimum amount of time necessary for the appointment.
- Recognise that the Academy will be concerned when any child misses time in school and work with us to avoid this.

Parents and carers can expect that the Academy will:

- Monitor all students' attendance and punctuality closely.
- Visit your home if your child is absent and unaccounted for or if there are concerns about your child's welfare or attendance.
- Contact you each day your child is absent by telephone call, text, email and/or home visit.
- Fulfil our safeguarding duty where a child is missing from school and is unaccounted for or there are concerns for their welfare – this may involve referrals to other agencies such as the local authority Education Inclusion Support Service, Children's Services and/or the police.
- Reward good and improved attendance.
- Meet regularly with parents and carers of students whose attendance is a concern.
- Work with the Local Authority to pursue legal prosecution for non-attendance where relevant criteria has been met.

The relationship between attendance and achievement is inextricably linked and encouraging excellent attendance is one of the most powerful ways you can prepare your child for success both in school and in life. When you make full attendance a priority, you help your child get a thorough education, better grades, develop healthy life habits, and have a better chance of achieving their full potential.

Students who attend school regularly also feel more connected to their community, develop important social skills and friendships, and are significantly more likely to leave school with good qualifications, setting them up for a strong future.

You can view your child's current attendance record on the EduLink App to help reward and encourage good attendance from the home.

EVERY SCHOOL DAY COUNTS

Don't miss out on the education you deserve!

There are 175 non-school days during the year to spend on family time, visits, shopping, holidays, household jobs and other appointments.

Days off school add up to lost learning.

Succeeding at A Level

A Level at All Saints' Academy is two years long: Years 12 and 13. This gives our students a chance to learn in greater depth in their subjects of choice enabling them to develop those passions and achieve the highest possible outcomes.

We believe that the great breadth of subjects available at All Saints' Academy gives everyone the experience of an outstanding education and the opportunity to have life in all its fullness.

There are some simple things that you can do to make sure that you will be successful at Sixth Form. Attendance is crucial as there is not likely to be time to catch up on any lost learning, and it is also critical that you have the right equipment to access your courses. Revision guides are helpful to summarise everything you need to know, and you might find it helpful to work with friends or get your family to test your knowledge and understanding.

The biggest difference is the greater freedom and independence that Sixth Formers have. This includes study periods outside the classroom. At All Saints' we also offer taught study skills to help this transition and enable students to make the most of their study time.

Here is some advice from students who have been through A Levels recently:

"To be successful in Sixth Form you need to work with your teachers in lesson and use your study periods effectively."

"Revise and consolidate learning regularly so that you aren't trying to learn everything last minute."

"Get organised with thinking about next steps and take advantage of all the help and support with UCSAS or apprenticeship applications!"

"A Levels are hard. Ask for help when you need it."

Sixth Form Lessons

Four key elements to Sixth Form Lessons:

1. Challenge
2. Feedback
3. Skill Focus
4. Measurable Outcome

Every Sixth Form Lesson is 'unmissable'.

We expect and require the highest attendance, punctuality, participation and engagement.

An Eye on the Future

At All Saints', we support students throughout their journey with us to think about their important next steps. Students are guided through the UCAS process to apply for university places, applications to apprenticeships and have opportunities for work experience and careers guidance. We are proud of the success of our former students and the exciting destinations they go on to.

Timetables

Read across the timetable to see what lessons take place on a particular day. The timetable shows the subject, the room where the lesson takes place and the name of the teacher.

Understanding room numbers

The first letter tells you which wing the classroom is in.

B = Bredon, M = Malvern, C = Cleeve

The next letter/number tells you the floor. G = Ground, 1 = first, 2 = second

The final two numbers tell you which classroom, from 01 to 07.
